

Project and Task Management System

Rahul Matta

Made using Java Spring Boot and ReactJS.

Features

1. Login Page:

The screenshot shows a login form titled "Project and Task Management". Below the title, it says "To log in, use the following credentials: Username: user Password: 1234". There are two input fields: "Enter Username" and "Enter Password". Below these fields is a blue "Login" button.

2. Project Management:

- Create, view, update, and delete projects.
- Automatically delete all associated tasks when a project is deleted.

Project Creation:

The screenshot shows a page titled "Project and Task Management". Below the title, there is a "Create Project" section with an input field labeled "Enter project name" and a blue "Add Project" button. Below this is a "Projects" section with a table listing two projects: "Project A" and "Project B". Each project has "Select" and "Delete" buttons.

Projects	
Project A	<button>Select</button> <button>Delete</button>
Project B	<button>Select</button> <button>Delete</button>

Export Project as Gist

Gist created successfully! View it here:
<https://gist.github.com/rahul420206/60d6597fea7547d4456c49fbaf84e684>

Created Gist:

The screenshot shows a GitHub Gist page for a file named "Project D.md" created by user "rahul420206". The page is in "Secret" mode. At the top, there are buttons for "Unsubscribe", "Edit", "Delete", and "Star 0". Below this, there are tabs for "Code" and "Revisions 1". The main content area displays the text of the Gist, which is a project summary for "Project D". The summary includes a "Summary" section stating "3/5 todos completed", a "Pending" section with a list of tasks "Testing" and "Deployment", and a "Completed" section with a list of tasks "Development", "Requirement Gathering", and "Documentation". At the bottom of the page, there is a "Write" tab and a "Preview" tab, with a text input field for "Leave a comment".

Project D summary

Project D

Summary:

3/5 todos completed

Pending

- ☐ Testing
- ☐ Deployment

Completed

- ☒ Development
